

Our programme of research

Entry-level Scholarships

To enable medical and midwifery graduates to develop research interests in **obstetrics** and **gynaecology**

Single maximum payment of up to
£20,000 towards salary/
lab costs

This scholarship is for applicants who have graduated but have no research experience.

Leads to a

PhD

Research Training Fellowships

Awarded for up to **3 Years**

Covers the cost of a full-time salary, up to Specialist Registrar grade (or equivalent), consistent with current NHS or academic scales

This allows an applicant to lead their first substantial research project

Outcome is a higher degree and a future clinical academic leader

Research Grants

Upper limit **£200,000**

over **2-3 years** for projects in basic **science**, **clinical** or **translational research**,

including explanatory and feasibility studies undertaken in the UK

This is for established researchers who lead their own team and pursue their own programme of research
