

## Thanking Our Peer Reviewers

Wellbeing of Women would like to take a moment to recognise the support and dedication of our amazing peer reviewers. Without the insight, expertise and hard work that they contribute to reviewing, it would be impossible to do what we do and continue to fund high-quality research to benefit the lives of babies, girls and women.

The following referees reviewed grant applications for the charity from September 2019 to January 2020:

Dr Paul Ayuk  
Professor Debra Bick
